Three Contributions Now in Storage

Three contributions to the Patriotic Fund, in the form of wheat, are now in storage in the Patriotic Bin.

The first, 66 bushels given by Mr. T. J. Snell of Sunnyside, was recorded in the columns of this paper two weeks ago. Mr. Alex. Massey, the next contributor, brought in 57 1/2 bushels, and says he will bring still more.

Mr. Rufus Cates of Fairacres, the next contributor, brought in just over 75 bushels.

To these men the president and directors of the Oyen Branch of the Patriotic Fund, extend their very sincere thanks for their magnificent leadership, and tell the opportunity to express the hope that the splendid example set by them will be followed by many more farmers of this district.

New Year's Eve Dance

The dance held in the Oyen Billiard Hall on New Year's Eve may be considered the best dance of the year.

Belgian Relief Fund

You, who have been spared the horrors of invasion, will you once more, as you so generously did last winter, give a compassionate thought to the Martyr people, to the nation which deliberately sacrificed itself in the defence of the noble principles at stake in the gigantic struggle in which we are all involved?

It is bread that we are asking for the Belgians, the bread that must help them to live through the anxious expectation of deliverance.

It is estimated that a bag of flour costing only \$2.50 would make enough bread to feed two Belgians for a month. Is it asking too much that you forego a luxury so that a life may be preserved?

Farm Building Bulletins

We are advised by the British Columbia Forest Service that the series of 10 Bulletins on Farm Buildings, which they prepared in co-operation with the University of Saskatchewan have attracted much favorable attention from the agricultural authorities of the prairie provinces, and also from the farmers who have obtained copies. A number of farm journals are printing extracts from the bulletins for the benefit of their readers.

In many ways these bulletins appear to be the best and most comprehensive publications on farm buildings that we have seen. They cover practically the whole range of farm buildings from hen houses to dwelling houses.

The bulletins are obtainable free from the Chief Forester, Victoria, B.C., and every farmer will do well to obtain the ones dealing with the buildings in which he is interested.

EDITORIAL ELYSIUM

"Fellow dropt into the office the other day and ordered the paper, and we were pleased. Said it was a good paper, and we were glad. Said it was more than worth the money to any man of intelligence, and we were tickled. Said it was the mainstay of the town, and we were super tickled. Said it was the greatest booster and the most reliable town-builder and deliverer in this whole community, and we yelled for joy. Said for his paper, and we slid gently to the floor in blissful unconsciousness. Nature had reached its limit."—Altoona Tribune.

Fight or Pay!

Canadian Patriotic Fund.

SECOND APPEAL

Somewhat over a year ago, as President of the Canadian Patriotic Fund, I made an appeal to the people of the Dominion for funds to assist the families of the gallant men who were going to the front. Though anticipating a general response, I was hardly prepared for the magnificent manner in which the call was met. Monies have poured into the treasury of the Fund until the total contribution have reached and exceeded six million dollars.

Large, however, as this sum appears, it has not greatly exceeded current demands and, if peace were declared in the immediate future, the entire surplus on hand would be required before all the men of the Expeditionary Force could again return home.

To-day there are 25,000 families, comprising, it is estimated, 80,000 individuals dependent upon the Patriotic Fund.

With further recruiting the demands upon the Fund will, with each succeeding month, continue to grow, so that it is estimated that, should the War continue during 1916, a sum amounting to some \$8,000,000 and probably more will be required. This would, however, only mean \$1 per head of the population for the people of Canada, and it is little indeed to ask of those who remain at home in comparison with the sacrifice in life and limb of those who are fighting in defence of the Nation.

In spite of all the various calls that have been made for funds to aid our soldiers and sailors and the magnificent response that has been made in each and every case, I still feel assured that the warm hearts of all Canadians will respond to this further appeal to enable the Patriotic Fund to continue its splendid work during 1916 and take care of the families of those who are fighting for their Sovereign, the Empire, and the Dominion, on the battle-fields of Europe and on the High Seas.

Arthur
